India Time Release Study 2022

Dismantling geographical & functional silos

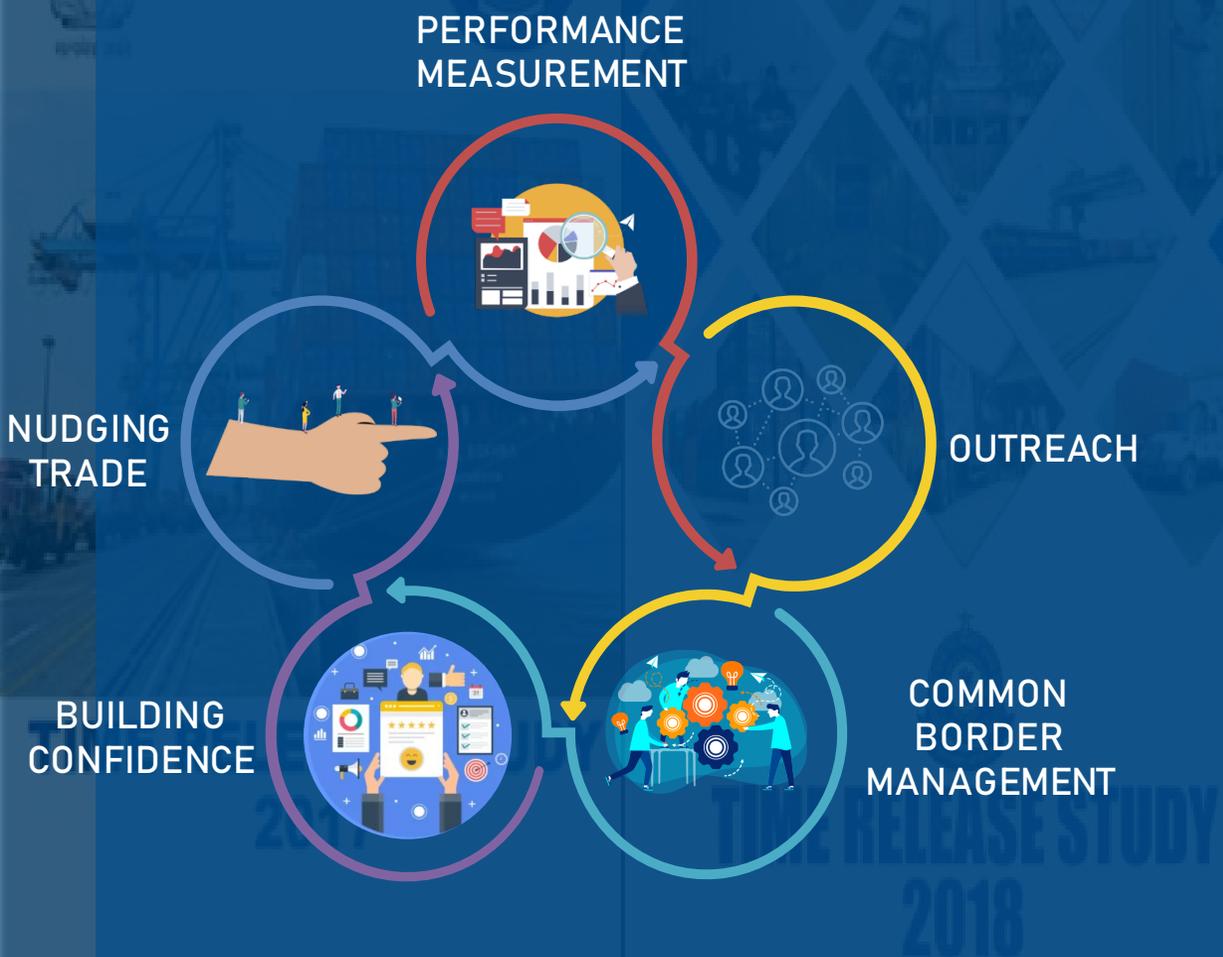

Enabling high frequency release time data under ICEDASH

Regular and unimpeachable performance reports

TRS: A Multipurpose Tool

Lessons Learnt & Way Forward

TRS is an effective tool for evidence-based policy making aimed at macro level policies and micro level administrative changes

What gets measured gets done – quantitative targets bring focus and build departmental focus

CBIC has developed in-house capacity to conduct sophisticated TRS at regular intervals and stands ready to assist other members in capacity building

NTRS 2023 intends to focus on Export TRS covering larger segment of the supply chain; more detailed analysis of time consuming processes; and impact dissipating actions
